

TouchTone Communications

Serving agents since 1993

COMPANY INFORMATION

TouchTone Communications, a full service telecommunications provider, has been serving customers across the country and internationally since 1993. Through established partnerships with industry leaders and Tier 1 carriers, the New Jersey-based company offers a full range of Voice, IP/Data and VoIP solutions designed to fit the needs of any size customer.

In today's competitive marketplace we know that you have many choices when it comes to communications solutions, and that is why we are committed to providing you with best-in-class service and support. TouchTone customers are greeted by live operators, not by automated messages.

As a channel-oriented company with over 15 years of industry experience, we have developed a viable program that provides independent agents the products, support, and tools necessary to run a successful and lucrative business.
