TouchTone DIA Cash Bonus and Pricing Promotions Extended
Rates Blow Competition Out of the Water

Whippany, NJ (September 18, 2008) – TouchTone Communications, a full service telecommunications provider, today announced the extension of its Dedicated Internet Access Cash Bonus and Pricing promotions through the end of year. Participating channel partners can take advantage of special port pricing starting at \$155, as well as sizeable commissions as high as \$5,686 per Data T-1.

“These promotions are truly a win-win for both the agent and customer. TouchTone offers fast, flexible DIA solutions that customers can rely on, while agents reap the rewards of generous incentive programs,” said TouchTone Agent Sales Manager, Steve Kaplan.

Kaplan continued, “At the Channel Partners Conference last month, agents couldn’t believe just how competitive our rates were. One show attendee told me that he was going to visit every booth at the show, and if what we said was true, he would come back and sign with us. He came back the next day!”

Dedicated Internet service is available within the 48 contiguous states, and the Company’s products include T1 (1.544Mbps), DS3 (45Mbps), and Ethernet (10Mbps to 10Gbps) bandwidth. Customer CPE leasing options include Standard Adtran and Cisco. The program includes complete beginning to end design, procurement, integration, maintenance, and management of data networking equipment and applications.

About the leasing program, Kaplan added, “There are no up-front costs, and we order and ship equipment for Plug and Play. At the end of the customer’s term, the CPE is placed in the same box that it was shipped in and sent back to TouchTone. We even pick up the shipping charges.”

For additional information and program details, call TouchTone Agent Support at 1-800-900-5474.
