TouchTone Introduces the SpeakEZSM – the First True Pay-Per-Minute Wireless Plan
Convenience and Security without the Frills or Expensive Monthly Service Charges

Whippany, NJ (January 25, 2008) – TouchTone Communications, a full service communications provider, now offers wireless subscribers the first-ever true pay-per-minute Wireless plan, the SpeakEZ. Available in all 48 contiguous states[†], the plan is designed to fit the needs of customers who desire the benefits of Wireless service but without the complicated technology or expensive monthly service charges.

Customers can enjoy the security and convenience of Wireless service for only \$9.99 per month and only 10¢ per minute or text. The SpeakEZ also includes free features such as Voice Mail, Call Waiting, and Caller ID.

“Unlike some service providers, customers never lose or pay for minutes that they don’t use. The SpeakEZ is the first true pay-per-minute wireless plan in the industry,” said Scott Croker, TouchTone’s Director of Product Development, continuing, “For example, if a customer uses a total of 23 minutes in a particular month, they will only be charged \$12.29 for their total monthly service and usage charge. If they use 60 minutes they will be charged \$15.99, and for 90 minutes only \$18.99.”

Complimenting the SpeakEZ plan and accommodating those who do not wish to deal with complicated feature-filled phones, the Company offers the UTStarcom®** Coupe 8630 – a simple and easy-to-use phone with a large key pad and screen, 3 one-touch I.C.E. (In Case of Emergency) speed dial keys, a 911 button, and top level hearing aid capability. In addition, the phone does not include a camera, games or the Internet.

However, for those customers looking for a cell phone or Wireless device to do more, TouchTone offers phones, PDAs, Smartphones and BlackBerry®** devices with a variety of features, functions and styles to choose from. Additional individual and business share plans are also available to accommodate different voice, data, text and international needs. These plans also boast perks such as no domestic roaming or long distance charges, free night and weekend minutes, as well as unlimited mobile-to-mobile minutes.

Customers can subscribe for Wireless, Long Distance, Local and VoIP service, by contacting TouchTone directly at 800-266-4006 or through an Authorized TouchTone Agent.

[†] TouchTone Wireless Service is subject to network transmission limitations and may be limited in some areas. Roaming charges may apply. See coverage map for details. **BlackBerry and UTStarcom are registered trademarks and have no affiliation with TouchTone Communications.
